## President's Corner

We had an interesting Club Meeting on November 4<sup>th</sup> that I would like to share with the rest of the membership. I want to thank the Deputy Director of the Recreation and Community Service Department (RCSA) for taking the time to address the Club regarding the Flying Field Issue.

As part of the sale of the Park property on Lannie Road, \$250,000.00 was set aside for the development of a new field. Not much if you consider the cost of land, so to save money Ms. Boree is looking into land already owned by the City. Ms. Boree did come with one possible site, but as shown the site would be in violation of AMA Safety Code, as well as the AMA Flying Field Guidelines. (The site basically could handle Park Flyers.) I was very encouraged the fact that some effort was taken to look for a flying field site, even though the site as proposed would not meet required guidelines.

I don't want to sound condescending, but it's obvious to me that we are not getting across to the RCSA what type of aircraft (size) uses the Lannie Road Flying Field, and the AMA requirements. We will be doubling our efforts.

I want to thank the Nomination Committee, Paul Towkach and Kevin Wilson, for their work in searching out Club Officers. However, no nomination was made for President. Starting at the March Club Meeting, the elected vice-president will be the acting-president. Each month at a Club meeting, nominations will be accepted from the floor for the open office of President. If a nomination is made, a special election will be held immediately.

Per the By-laws it takes then 2/3 of the members present voting for the nominee as President to be elected. As outgoing President, I will be taking Buford Howard's position as a Board Member. If the Board so elects, there is a way that I can continue with negotiations with the City regarding the Flying Field Issue. However, that will be up to the Board.

**The Fall Fling is Saturday November 8<sup>th</sup>!!** Special thanks to Buford Howard for volunteering to fry us a mess of Catfish!

Remember if you attend, pay your \$5 landing fee, you get a dinner ticket for the catfish, as well as one (1) ticket for the DL-50. And if you pay your 2009 dues, you will receive 10 additional tickets for the DL-50 gas engine. Valued at \$395.00.

**We have a new raffle!** Between now and the IMAC Championships the Club is hosting a raffle of a Smart-Fly Power Expander Pro. Tickets are \$2.00 each, three for \$5.00, or seven for \$10.00. I will have tickets available with me at the field, at the Fall Fling, and at the IMAC Championships. Winner need not be present to win.

## The 2009 Banquet!!!!

We are doing something different this year, the Banquet will be held at the West Jacksonville Fleet Reserve Hall at 7673 Blanding Blvd. Thank you to Dave Keller for all your work in locating and booking the Hall. Callahan BBQ will be catering the Banquet. A special thanks to Buford Howard who contacted Callahan BBQ and got us a great deal.

***Tickets are required to attend the Banquet:***  
***Advanced purchase: \$10.00 per adult \$7.00 per child under 14yrs, and if still available \$15.00 at the door. I will have tickets with me at all times, and Dave Keller will have them available at Hobby World on 103<sup>rd</sup> St. Checks via the mail will also be accepted. You may send them to:***

GATEWAY R/C PRESENTS

## 5TH ANNUAL TOYS FOR TOTS FLY IN

DECEMBER 6th 2008 9AM TILL ??

ELECTRIC FLIGHT AT FIRST LIGHT!

Last year while preparing for the 4<sup>th</sup> Annual Toys For Tots fly in, I spoke to Saff Sgt. Moore. He told me about the kids who get the toys, and the requirements. The families are screened and must meet requirements. The number one thing that the kids all ask for he said was a Bicycle.

This year, Patrick and I are going to issue a challenge to Gateway RC Memembers!

We are going to have a bicycle drive. Last year we had six bicycles donated. No you do not have to bring a bicycle to attend the fly-in, the \$10 value new un~wrapped toy for boy or girl will still get you in, and will also get you one ticket for our grand prize. But, as in past years, for every \$10 in value of toy you will receive a ticket. That equates to, a \$20 value toy will get you two (2) tickets, \$30 value toy will get you three (3) I think you get the idea.

But to intice you to consider bringing a bicycle, (Yes Jeff, a "new" Bicycle) here is what we will do. For example, bring a \$50 bicycle and receive five (5) tickets, but for bringing a bicycle, you will get five (5) bonus tickets. That is ten (10) tickets for the \$50 Bicycle you bring.

Also I will have a receipt book, and if you want a receipt for tax records, I will be glad to give you one. The Marine Toys for Tots Foundation, an IRS recognized 501(c) (3) not-for-profit public charity.

So consider a bike. Bicycle, Tri-Cycle, Unicycle, whatever. Double your chances at winning a prize. Email me with any questions, [bobdavis1968@GMAIL.COM](mailto:bobdavis1968@GMAIL.COM)

Horizon Hobby is on record to send an E-Flite AT-6 Texan 25 ARF, valued at \$230.00. Plus more goodies. Also, Gateway RC has authorized me to spend \$300 for the event as well. So I will be on a shopping spree real soon to see what to have as prizes. My wife Pat will be cooking up her Chili again, Dave will be cooking in the Kitchen, so rain or shine, the event will go on. Please consider attending, and remember, this event is for the underprivileged children of Jacksonville.

# TOYS FOR TOTS

U.S. MARINE CORPS RESERVE

I have been the editor of The Flypaper for just about six years now, and have always asked for material to print. I have received a few but never a poem. My thanks to Robin Lake for her contribution.

### *A Pilot's Talk to God*

When I put my jacket on for the last time,  
Place my goggles on my eyes, and my scarf  
around my neck.  
As, I do the last pre-flight list and I climb into  
the cockpit;  
I will turn on my radio to get directions from  
the tower to taxi down the runway.  
My thoughts go to my Lord; when this life is  
over and I stand in front of him; my hope is  
that I will answer all his questions with the  
correct answers.  
He will ask did I see his rainbow as he placed  
it in the sky on those rainy days of flight; will  
he ask me if I saw the rays of the sun as; he  
scattered them across the sky.  
Or, the way my heart would jump in my chest  
the day I solo on that special day.  
And finally, when the wind flies along my  
wings, on that final flight that we take  
together; and how I will call his name  
knowing he was there;  
I close my eyes and smile for the eternal flight  
controller extends his hands and says good  
flight pilot ; welcome home you can rest now.
